ANNUAL REPORTS

OF THE TOWN OF

HOOKSETT

NEW HAMPSHIRE

FOR THE YEAR ENDING FEBRUARY 15

1908

**NEW HAMPSHIRE
STATE LIBRARY**

ANNUAL REPORTS

OF THE

Selectmen, Town Treasurer, Board of Education,
School Treasurer, Trustees of Public
Library, Board of Health, Vital
Statistics, Etc., Etc.,

OF THE

Town of Hooksett

FOR THE

Year Ending February 15, 1908

MANCHESTER, N. H.:

PRINTED BY THE RUEMELY PRESS

1908

NOTICE

STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Hooksett, qualified to vote in town affairs.

You are hereby notified to meet in the Town Hall in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects :

1st. To choose a Town Clerk, three Selectmen, Town Treasurer, and other necessary Town Officers and Agents for the year ensuing.

2d. To hear the reports of the Town Treasurer, Board of Selectmen, Agents and Committees, or other officers heretofore chosen or appointed, and to pass any vote relating thereto.

3d. To raise such sums of money as may be necessary for the support of schools, for laying out and repairing highways and bridges, and other necessary charges arising in said town.

4th. To choose one Trustee for the Public Library for three years.

5th. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways.

6th. To see what action the town will take in regard to the appropriation money of for the extermination of the brown-tail moth and other insect pests.

7th. To see if the town will vote to raise and appropriate a sum of money for the purchase of a road machine.

8th. To see if the town will receive bids for the collection of its taxes and to award the contract for collection to the lowest responsible bidder.

9th. To see if the town will vote to continue the present sewer from a point in front of Nathaniel Clark's house to the river, and appropriate money therefor.

10th. To see if the town will vote to construct, manage, maintain and own suitable water works for distributing through the more compact portion of the town a supply of water in subterranean pipes for extinguishing fires, for the use of its citizens and for other purposes, as authorized by Chapter 126 of the Laws of 1907; to appropriate such sum as the town may deem necessary for the establishment and maintenance of said water works, and provide for borrowing said sum and issuing notes or bonds of the town therefor; to see if the town will vote to place the construction, management, control and direction of said water works

in a Board of Water Commissioners, fix the number, term of office, compensation, powers and duties of said Commission, and elect said Commission; and to pass any votes and choose any other officers, agents or committees that may be necessary, or desirable in order to determine the character or location of said works, procure any land or other property needed for the same, provide for the proper construction, financing or management of the same, establish proper regulations or tolls for the use of the water, or otherwise carry into effect the purposes of this article or on any vote passed thereunder.

11th. To see if the town will vote to purchase suitable hose or other equipment for use in connection with said water works, for the extinguishment of fires, and to appropriate and raise, or provide for the borrowing of such sum, as the town may deem necessary therefor.

12th. To transact any other business that may legally be brought before said meeting.

Given under our hands and seal this twentieth day of February, in the year of our Lord one thousand nine hundred and eight,

JOHN W. K. ROWELL,
AUGUSTUS C. MARTIN,
IRA H. CATE,
Selectmen of Hooksett.

A true copy of warrant,—attest :

JOHN W. K. ROWELL,
AUGUSTUS C. MARTIN,
IRA H. CATE,
Selectmen of Hooksett.

NOTICE

[L. S.]

THE STATE OF NEW HAMPSHIRE

*To the inhabitants of the School District in the Town of
Hooksett, qualified to vote in district affairs:*

You are hereby notified to meet in the Town Hall in said district on the 21st day of March, 1908, at 2 o'clock in the afternoon, to act upon the following subjects :

1st. To choose a Moderator for the ensuing year.

2d. To choose a Clerk for the ensuing year.

3d. To choose a Treasurer for the ensuing year.

4th. To choose a Member of the School Board for the ensuing three years.

5th. To see what sum of money the District will vote to raise for the support of schools the ensuing year.

6th. To see what sum of money the District will vote to raise for the repairing of school houses the ensuing year.

7th. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

8th. To choose agents, auditors and committees in relation to any subjects embraced in this warrant.

Given under our hands and seal this fifth day of March, in the year of our Lord one thousand nine hundred and eight, in said Hooksett.

SAMUEL HEAD,
ALBERT W. COLE,
GEORGE KEATING,
Board of Education.

A true copy of warrant,—attest:

SAMUEL HEAD,
ALBERT W. COLE,
GEORGE KEATING,
Board of Education.

REPORT OF BOARD OF EDUCATION

The Board was organized for the past year by the choice of Samuel Head as chairman and Albert W. Cole as secretary.

Schools have been maintained 33 weeks during the year, by regular sessions as far as possible, with the exception of a few unavoidable breaks caused by sickness and inability to secure a teacher to fill the place of one previously engaged, thus requiring a temporary substitute.

During the year the Board held its regular meetings on the evening of the last Thursday of each month at the passenger station office, where all the important business was transacted. Throughout the year seven special and ten regular meetings were held, the Secretary having kept a concise record of the business done, votes passed and bills ordered to be paid, which will stand for future reference.

Often members of the Board have their attention called to matters concerning the welfare of a pupil. Trivial complaints made by some parents of the slow progress their child is making under the instruction of certain teachers in some of the schools in the district. Also a number of complaints were made of the lack of heat in some school rooms to sufficiently make comfortable the child during regular sessions and at the noon

hour. The Board, at their regular meetings, talk these matters over, take pains to investigate and often find the charges not well substantiated. Of course, criticisms are constantly coming up, and if those parents who seem to feel dissatisfied with the manner and methods of conducting the schools and the government of their children, would occasionally visit the school and consult the teacher with confidence, they would readily obviate the idea that she is not conscientiously doing her work. Much allowance should be made of the attainments of the pupil. Some are less brilliant than others, and it would be unjust to say that the teacher was all to blame for their advancement. Another subject to consider is, that in some of our schools there are from four to eight grades, imposing work of an arduous nature on the teacher to devote the proper time to each pupil and perhaps the result of her work is less successful. A teacher with the ability and practically able to conduct such a school, could easily command a salary of \$500 in a city. In the opinion of the Board the staff of teachers having charge of our schools during the past year rank as favorably as those in other towns with like conditions. Teachers with superior qualifications can readily secure positions in towns where higher salaries are paid.

The grammar school, under the practical and efficient charge of Mrs. A. M. Olmstead during the past two years, is properly graded. Many scholars having graduated during that time successfully entered the Manchester High School.

It is to be regretted that the location of the grammar school building is not more central, so that scholars residing in the remote districts could receive the training this school affords.

The time is speedily coming when our larger schools must be graded, that the limited number of pupils in our smaller schools can receive the benefits of the course of study in the higher grades with competent teachers.

It is a matter of fact, that the school population in districts Nos. 1, 3, 7 and 8 is very small and that by consolidation, or transportation to graded schools, better results could be attained and a financial saving effected.

This winter term the School Board deemed it advisable to close No. 3 and No. 7 schools. The former because of lack of pupils, there being but three eligible to attend ; there was also difficulty to procure a boarding place, at a reasonable distance, for the teacher. The latter because of our inability to secure a good teacher. The pupils were transported to the village schools at a minimum cost.

In school No. 5, Miss Hoyt, teacher, no boarding place could be secured. During the fall and winter terms, in order to continue the school, an extra expense was incurred for transportation back and forth from Manchester.

Quite extensive repairs have been made on the village school building by painting and frescoing the inside of both rooms at a cost of \$80.96, a work very much needed. The school house in district No. 5 was also both painted and whitewashed in the inside. Moderate repairs were made on the other school houses at a small outlay. The school buildings in the district are in a fair condition, with the exception of No. 7, which should be painted on the outside and the underpinning pointed up and reset.

In accordance with the vote passed at the meeting of the school district on March 16, 1907, when it was voted, "That the wood purchased by the School Board

shall be good merchantable wood, bought of the lowest bidder, surveyed by a sworn surveyor and the amount used for each school be shall printed in the report," the Board issued notices for proposals to receive bids, having them posted in conspicuous places, without any success, no person sending in any bid. Last fall the Board purchased from Natt Clark 21 1-2 cords of wood located on the Gault brick yard, at a cost of \$53.75. This wood is to be delivered to Nos. 1, 2, 6 and 7 schools, which should be sufficient to supply them another year.

The schools of the district during the year had the following persons as teachers, Sickness made a bad break in the grammar school, but fortunately good substitutes were secured and the school work was carried along very satisfactorily.

No. 1. Leona Worthley taught 3 weeks spring term. Anna E. Stevens taught the balance of the term and the entire fall term. Miss Hazel M. Crooker taught the winter term.

No. 2 was under the charge of Miss Minnie L. Webster of Auburn during the spring and fall terms, and Mrs. Mabel S. Cate during the winter term,

No. 3. Marion R. Titus taught two terms, spring and fall. During the winter term the school was closed and the pupils conveyed to No. 2 school.

No. 4 school was in the hands of Miss Nellie A. Bunton of Manchester during the entire school year.

No. 5. Mrs Lillian M. Reed of Manchester taught the spring term, and Miss Ethel B. Hoyt of Manchester the fall and winter terms.

No. 6. Miss Jennie B. Abbott taught the primary school during the entire year. The grammar school was in charge of Mrs. A. M. Olmsted during the entire year, with the exception of a number of weeks in the

winter term on account of sickness, when Mrs. Nellie McGrath of Loudon and J. M. Olmsted acted as substitutes.

No. 7 school was taught by Mrs. Mary Togus during the whole year.

No. 8 was taught by Miss S. Gertrude Gillis of Greenbush, Mass., during the spring term, Miss Bertha E. Cox of Londonderry during the fall term, and Anna E. Stevens one week of the winter term, being unable to procure a teacher for the balance of the term, the school was closed and the scholars transported to the village schools.

Music instruction by Mrs. Ethel G. Brown of Short Falls was given in all of our schools each week during the entire year. Mrs. Brown is qualified for her work and the results of her instruction in the district speaks for itself. Music culture is one of the important branches in the process of finishing an education and a great many towns are adopting it.

The insurance policies on all the school buildings in the town expire this year and it will be necessary to have them renewed. The approximate cost will be about \$85.00.

It is gratifying to the Board to note the interest taken by most of the schools in the observance of Memorial Day by having prepared exercises during some session of the week that includes that sacred day.

A very commendable act, which deserves the thanks of the pupils of No. 6 school, is the presentation of an elegant flag by William H. Otterson, a soldier of the Civil War, which takes the place of one somewhat worn by age.

There are a few school houses in the district without flag poles and it will be necessary to establish them

this season, in order to live up to the requirements of the law. The School Board is authorized and directed to purchase flags, flag-staffs and appliances and the selectmen must pay the bill, provided, the cost is not more than ten dollars for any one school house.

We note also that the schools observe Arbor Day by exercises of many kinds and that the thoughtful address of President Roosevelt to the school children of the United States was read, containing many valuable suggestions.

A conference of the School Boards of Merrimack County, under the direction of the State Department of Public Instruction, was held in the Senate Chamber, Concord, November 26, 1907. This is a new innovation. An interesting program was carried out both morning and afternoon, the members of the Board having the pleasure of attending some parts of the exercises.

The program of the second annual graduating exercises of the grammar school of pupils having completed the course of studies is appended. The event was one of great interest to the community and the exercises were very creditable to the scholars and teacher.

It is the belief of the Board that the schools can be maintained for the coming year upon as high a scale of efficiency as during the past year.

We note with great satisfaction the increasing interest of the citizens in the schools which, by the records of the school registers, show a larger number of visitors than last year. The Board have averaged three visits to each school during every term in the past year.

During the past year three employment certificates have been issued to children reaching the age of fourteen years.

A very noticeable fact exists in the composition of the pupils of Nos. 4, 5 and 7 schools. In No. 5 school the pupils are all Catholics ; in No. 4, more than 70 per cent are of that religious faith, and in No. 7 largely of that denomination. The School Board bespeaks many words of praise for the rapid progress they make in the course of studies they pursue. St. Joseph's School, in the village, reports February, 1908, 78 pupils, 40 boys and 38 girls, all being eligible to attend the public schools. If the Catholic children should be taken from the schools mentioned above, it would be almost necessary to close them.

The enumeration of the children of the town was made by James B. Ordway in the month of September, under our direction, as required by law. In accordance with the statutes, the chairman of the Board reported to H. C. Morrison, Superintendent of Public Instruction, as follows:

Whole number of children between the ages of 5 and 16 years, 323. Boys, 160. Girls, 163. Number of these born in New Hampshire, 268. Number born elsewhere in the United States, 40. Number born in foreign countries, 15.

An itemized account of the receipts and expenditures follows and will merit your consideration and, we trust, your approval.

Respectfully submitted.

SAMUEL HEAD,
ALBERT W. COLE,
GEORGE KEATING,
Board of Education.

FINANCIAL REPORT

The following is the itemized account of the receipts and expenditures of the Board of Education of Hooksett for the year ending Feb. 15, 1908.

January	1908	239 books
February	1908	293 books

Total circulation of books for year ending

March 1, 1908 2,423 books

Remarks

The library has been open every week during the past year, and has been well patronized.

We have a large number of good books, selected by trained librarians.

The International Cyclopedia, presented by Miss Winchell, librarian of Manchester City Library, has proved to be very helpful. We need a larger room for our books.

It is very much to be regretted that we are obliged to crowd so many valuable books into so small a space.

We hope the time is not far distant when we shall have a neat library building, which will be an honor to the town.

Mrs Bachelder, and other friends, have remembered us with gifts of books and magazines.

We take this opportunity to thank all who have helped in the good work of the library.

Respectfully submitted,

JENNIE B. ABBOTT,
Librarian.

Report of Board of Health

Year Ending Feb. 1, 1908

Your Board of Health submits the following report :

There has been an epidemic of scarlet fever, but no deaths.

Five houses were fumigated for scarlet fever, one for dyptheria and two for tuberculosis.

One body was taken out of the Merrimack river.

One body was examined in E. S. Head's barn.

There were no complaints made of nuisances.

Your Board takes this occasion to thank the citizens for their kind assistance.

THEODORE M. TOGUS, M. D.,
S. E. WORTHLEY,

Board of Health.
